2 ENJOY THE POWER OF A HEALTHY SMILE

Your dental health is key to your overall health. Healthy teeth and gums allow you to eat better and feel better.

It's important to prevent and treat dental problems at any stage of life. You may feel more tooth sensitivity or have dental problems as a result of certain medications or health conditions. Regular oral exams not only keep your mouth healthy, they can also help spot medical problems.

Advantage Plus makes it easy to smile because you know you're getting the dental care you need.

Health tip:

REDUCE YOUR RISK OF INFECTION

Brushing and flossing are important for healthy teeth. They also help reduce the risk of infection. Bacteria can travel from the mouth to other parts of the body, causing infection. This is a major cause of joint replacements failing. With proper oral health, including brushing, flossing, and regular checkups and cleanings, you can help keep your whole body healthy.

3 HEAR WELL. LIVE WELL.

Good hearing allows you to fully enjoy life. You're more confident, secure, and connected to your world.

Millions of Americans have some degree of hearing loss. Among people over 50, it's the third most common health issue, behind heart disease and arthritis. But now more than ever, hearing loss doesn't mean that your quality of life has to change. Today's hearing products are smaller, more effective, and more comfortable than they were in the past.

Hearing benefits from Advantage Plus can help make sure you're not missing the sounds and conversations that make life more fulfilling.

Health tip:

QUICK HEARING SELF-CHECK

Be sure to have your hearing checked by a plan provider. In the meantime, use these questions for a simple self-check of your hearing health:

- Do you often ask people to speak up or repeat themselves?
- Do you have trouble following conversations in a noisy room or understanding speech on the phone?
- Do you have trouble hearing the sound of your telephone, alarm clock, or doorbell?
- Do others complain that your TV or stereo is too loud?

FREQUENTLY ASKED QUESTIONS

HEARING BENEFITS

Kaiser Permanente or Kaiser Permanente-designated audiologists provide hearing care products and services for members. Visit kp.org/hearingcare for a list of Kaiser Permanente medical offices with audiology services.

Advantage Plus also covers hearing aid checks at no extra charge for hearing aids purchased within 3 years at Kaiser Permanente audiology centers.¹ These checks can help your audiologist:

- Recommend the correct hearing aid for you
- Confirm that your hearing aid purchased within 3 years at Kaiser Permanente audiology centers matches your prescription
- Make sure your hearing aids are working properly¹

Q: Are hearing aids covered?

A: Yes. You'll get a \$1,000 allowance for each ear to help pay for a hearing aid (maximum \$2,000 for both ears). This credit is available once every 3 years. If the hearing aid you buy costs more than the \$1,000 credit, you pay the difference. If you don't use the entire credit, you will not be able to use the remaining amount at a later time. Your Kaiser Permanente Medicare Advantage plan also includes an additional \$1,000 allowance per ear, every 36 months. You can combine these allowances for a total of \$2,000 per ear, every 36 months.

Q: What if there's a medical problem found during my hearing test?

A: If your audiologist finds a medical problem during your hearing test, he or she will let your doctor know and will help you get the follow-up care you need.

4 FOCUS ON A HEALTHIER YOU

Want to enhance your life? Improve your vision. It's possible that your vision has changed—but you haven't noticed. An eye exam can show you what you've been missing. When you see clearly, daily activities such as driving and reading become much easier.

It's important to have your eyes checked regularly to spot minor as well as more serious eye problems. Advantage Plus adds to your Kaiser Permanente Medicare health plan vision benefits, giving you more to spend on your glasses or contacts. So you'll have more choices to help you see a brighter, more vibrant world.

Health tip:

BETTER NIGHT VISION

If your night vision isn't what it used to be, keep these helpful nighttime driving guidelines in mind:

- Drive more slowly, so that you have more time to react.
- Keep your windshield and all the lights on your car clean.
- Ask your eye care professional about getting antireflective coating on your eyeglass lenses to cut down on glare.
- Check with your doctor to find out if any medications you are taking can affect your night vision.

FREQUENTLY ASKED QUESTIONS

VISION BENEFITS

Advantage Plus vision benefits are provided through Vision Essentials by Kaiser Permanente, located at selected Kaiser Permanente medical offices throughout the region. For information about vision services (including limitations and exclusions) covered by your Kaiser Permanente Medicare health plan and Advantage Plus, see Chapter 4 in your *Evidence of Coverage*.

If you're a Kaiser Permanente member with an Advantage Plus package, you'll get a credit of \$175 every 2 years to use towards the purchase of glasses or contact lenses. This credit is in addition to the standard discount available to Kaiser Permanente Medicare health plan members (see your *Evidence of Coverage*). Unused credits do not roll over to the next benefit period. If the eyewear you buy costs more than the credit, you pay the difference.

Q: When can I use my Advantage Plus extra eyewear benefit for the first time?

A: Once you get confirmation of your enrollment in Advantage Plus, you can begin using your extra eyewear benefit on your plan's start date.

Q: Where can I get my eyeglasses and contact lenses?

A: You can use your vision benefit at any Vision Essentials location, many of which can be found in Kaiser Permanente's medical offices. To find a location near you, call toll free **1-888-777-5536 (TTY 711)**, 7 days a week, 8 a.m. to 8 p.m.

Q: Can I combine my Advantage Plus vision benefit with my Kaiser Permanente Medicare health plan vision benefit listed in the *Evidence of Coverage*?

A: Yes. You may combine your Advantage Plus vision benefit with your Kaiser Permanente Medicare health plan vision benefit to decrease your out-of-pocket member obligation amount.

Q: Am I guaranteed the lowest possible prices?

A: Yes. At Vision Essentials, you'll find a wide selection of the latest eyeglass and sunglass frames at the lowest possible cost, guaranteed. If you buy frames from our regularly stocked inventory and find the same brand and style priced lower somewhere else within 30 days of getting your eyeglasses, we'll match it and refund the difference to you, plus \$1. This guarantee doesn't include Internet pricing.

Q: How long will it take to get my glasses?

A: Our average turnaround time is 3 to 5 business days. Every prescription has to be precisely custom made, and certain types of specialized lenses take longer than others. Members can choose from a wide range of optical products, including different lens materials, to fulfill individual needs.

Q: Will I get a separate ID card for Vision Essentials?

A: No. Your Kaiser Permanente ID card is all you need at Vision Essentials locations.

Q: How do I make or cancel an eye care optometry/ophthalmology appointment?

A: Call toll free **1-888-777-5536 (TTY 711)** to make or cancel an appointment. If you need to cancel, please give us 24 hours' notice.

Q: After I use my Advantage Plus extra eyewear \$175 benefit, when can I use it again?

Premium eyeglass and lens products or options include premium lenses, premium eyeglass frames, anti-reflective coatings, tints, and polarized or photochromic lenses.

The Advantage Plus extra eyewear allowance can't be used for total plan charges associated with professional services, Protection & Savings Plan, cosmetic contact lenses fitting and follow-up care, low-vision aids, or post-cataract surgery eyewear.

¹ One plan must be purchased for each pair of glasses purchased (two pairs of glasses means two plans).

² 50% off replacement frames and/or lenses can be applied to all prescription glasses purchased at Kaiser Permanente Optical Centers that are not older than 12 months. Must have a valid (unexpired) Protection & Savings Plan to use the 50% discount. Your replacement lenses must be of the same type and prescription as the original lenses in that frame. If the same frame isn't available, you can select another frame with a price equal to the price of your original frame, and purchase that frame and new lenses at 50% off the regular price. Frame parts and/or lenses must be returned to the store in exchange for replacement parts.
